

# AGAPE HOPE CHILDREN'S CENTER, KENYA

THANK YOU FOR SUPPORTING AGAPE HOPE THROUGH SERVING ORPHANS WORLDWIDE!

**Y**our gift continues to improve lives everyday. We wanted to send you an update of how your dollars are impacting the children served at Agape Hope Children's Center in Kenya.

Agape Hope Children's Center, located in Nairobi, Kenya, faithfully serves 470 children. Every child who calls Agape Hope their home has a different story. Some have lost both parents and have no relatives or close family friends to take them in. Some have been abandoned due to gender preferences, disabilities and extreme poverty. Many of the children have also been rescued from sex trafficking, forced labor, displacement due to armed conflict and child abuse. No matter the story, Agape believes that each child deserves to be loved, and that they are not defined by their circumstances. This would not be possible without your generosity!

## LIFE AT AGAPE HOPE CENTER

Fully equipped with dormitories, a church and school, Agape Hope has the capacity to care for many of Kenya's most vulnerable children. The property consists of three girl's dorms, two boy's dorms, four office blocks, 4 primary school classrooms, four high school classes, a kitchen and a church.

Because of generous supporters like you, children and staff have 24/7 access to clean, running water on the property, and receive three nutritious meals a day, which usually consists of porridge, ugali, maize, vegetables, beans and rice. They are also able to provide extra protein and milk to their children with HIV/ AIDS to help boost their immune system.

Agape was also able to use donations to purchase new text books and lab equipment for their school.

## FAITH

---

The heart of the staff is to not only provide love, shelter, food, education and clothing, but to share about the love and salvation of Jesus to all the children who enter their doors.

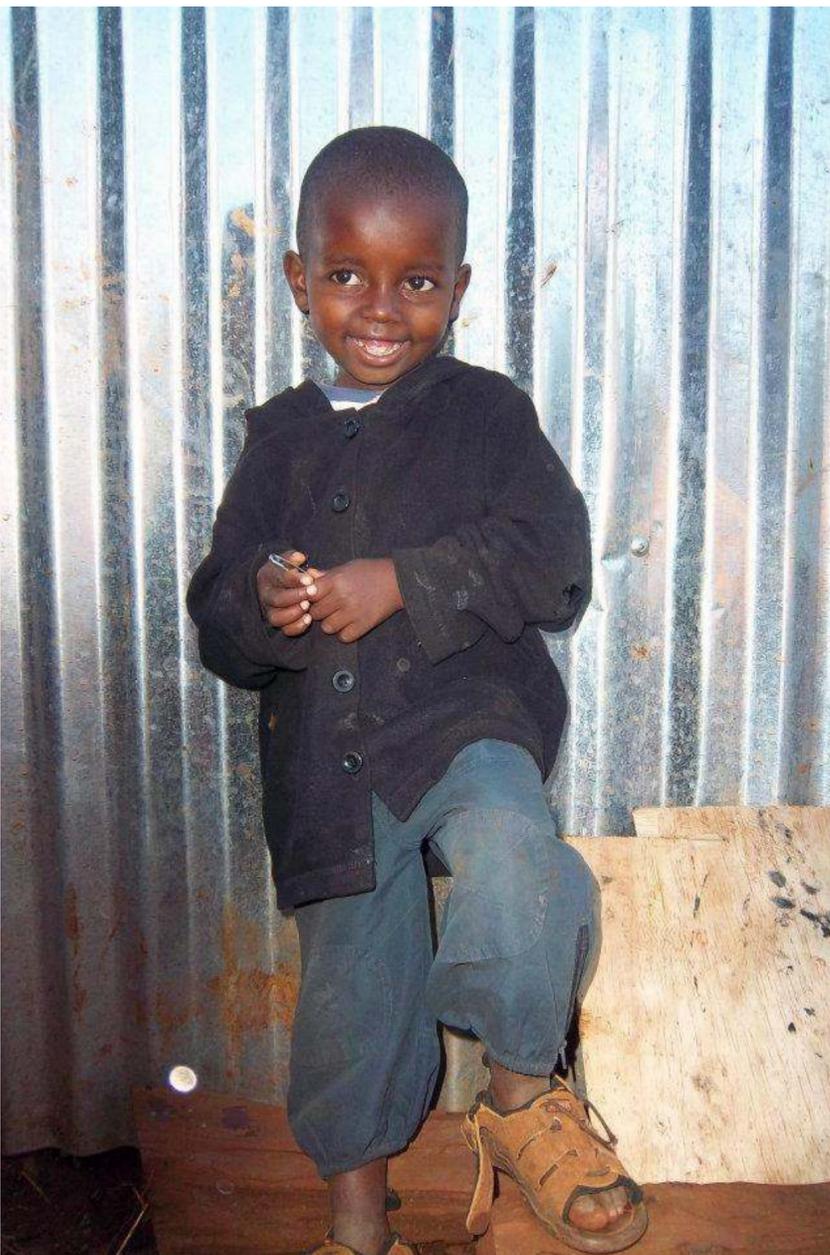

At Agape Hope, the gospel is presented clearly and, in an age, appropriate manner. Children attend church and bible studies every week, and receive daily encouragement that fosters growth in their walk with Christ. This would not be possible without your support!

## MESSAGE FROM THE DIRECTORS

---

*We thank God for our supporters around the world. You make it possible for us to continue to take in the most needy children and show them the love of Christ every day. Through donations received from SOW, we were able to build three classrooms and one is still underway!*

*You made it possible for us to rescue baby Wendy, who is 3 years old, and her sister, Amoma one year after they were abandoned by their mother. They were brought to us looking weak and malnourished. We thank God for the four months we have been with them so far. It has been a blessing having them as part of Agape Hope. Thank you!*

*- Pastor Oliver and Margaret*

## PRAYER REQUESTS AND NEEDS

Agape Hope continues to take in children referred by the government, licensed social workers, churches, and community organizations. Please pray for increased resources to accommodate the growing need and all the children who require assistance.

Agape Hope has some immediate needs. Currently, with the increase, they need an additional 30 mattresses, bed sheets, blankets and bed covers to make the children more comfortable. Staff have also identified the need to purchase new bibles and a new Sunday school curriculum. If you are interested in investing in any of the projects mentioned, please contact [susan@soworldwide.org](mailto:susan@soworldwide.org).

Thank you for choosing Serving Orphans Worldwide as your partner and delivery system to share the love of Jesus with vulnerable children, and their communities in Kenya.

Our promise is that every penny you give goes directly to the field and will never be spent on SOW's administrative costs.

Through the generous support of our sponsors, everything from paper clips to staff salaries is totally covered. We even have a partnership with the bank so that all transfer fees are covered.

Without you, Agape Hope Children's Center could not continue to provide a safe, loving environment for vulnerable children in Kenya. From the bottom of our hearts, thank you!
