

CASA HOGAR MARIA ATKINSON, MEXICO

THANK YOU FOR SUPPORTING CASA HOGAR MARIA ATKINSON THROUGH SERVING ORPHANS WORLDWIDE!

Your gift continues to improve lives everyday. We wanted to send you an update of how your dollars are impacting the children served at Casa Hogar Maria Atkinson in Mexico.

Casa Hogar Maria Atkinson faithfully serves the most vulnerable children in Mexico. Children come for many reasons including death of a single parent, death of both parents, abandonment due to poverty, substance abuse and parents too ill to provide care. With your support, children can come as they are, knowing they are safe and loved regardless of their background.

NEW CHILDREN AT HOME

Earlier this year, a home in the city was forced to permanently close its doors due to budgetary issues and lack of support. As a result, Casa Hogar Maria Atkinson became one of only two homes in the city. They were ready and began the process to take in the additional children.

Due to changes in political administration in the city, there was a delay in the official transfer process. However, we are thankful that the children are now safely in the care of the home. Thanks to you, they have everything they need to thrive, including tuition and uniforms for school.

NEW PASSENGER VAN

Earlier in the year, staff at Casa Hogar Maria Atkinson shared a need for a new passenger van since their old vehicle stopped working.

Your generosity provided the means to purchase a new, reliable van so that the staff and children can get to school and other activities safely. They officially broke it in by using it for the first time to transport everyone to church. Thank you!

ACTIVITIES AND EDUCATION

The children are doing very well at school. However, there are three older children who need additional help because they did not get the opportunity to go to school before they came to the home. Staff have enrolled them in a special program that will help them catch up, and give them the additional academic support they need. Please keep them in your prayers.

In addition to school, they are taking guitar lessons, and taking dance classes. Staff have noted their confidence and excitement since they began learning these new skills. In fact, some have already moved into advanced classes!

HEALTH AND NUTRITION

This year, Casa Hogar Maria Atkinson is participating in a regional wellness project, to promote health among their children through changes in lifestyle, including physical activity habits and nutrition.

As part of this program, a nutritionist comes to monitor the height and weight of the children at the home, and gives lessons on healthy eating and exercise.
