

HOPE HOUSE, HONDURAS

THANK YOU FOR SUPPORTING HOPE HOUSE THROUGH SERVING ORPHANS WORLDWIDE!

Your gift continues to improve lives everyday. We wanted to send you an update of how your dollars are impacting the children served at Hope House in Honduras!

Hope House (Hogar Esperanza) faithfully serves approximately 20 children who are long term residents. Children at Hope House come for many reasons including death of a single parent, death of both parents, abandonment due to poverty, abuse and parents too ill to provide care. No matter the story, Hope House believes that each child deserves to be loved, and that they are not defined by their circumstances.

DENTAL CARE AND HAIR CUTS

Recently, Hope House partnered with an outreach group to host a two day dental clinic on the property. The dentists provided routine check ups and cleaning for all of the staff, children from the home, school and residents from neighboring communities.

In addition to providing dental care to the children, this ministry team also provided training to local dentists in the area.

The children and staff were also able to get hair cuts! We are so thankful that Hope House is willing and able partner with organizations and access local resources to provide the best care for the children!

PRAISE REPORTS

Staff recently welcomed a new little boy to their family. The Hope House kids embraced him with smiles, welcomed him with kind words and prayed such heartfelt prayers over him.

Two of the little boys who had some medical concerns received great news from the neurologist. The 2 year old boy, who was suspected of a possible diagnoses of epilepsy, was cleared. One of the young men, who for over a year has been taking two pills a day for epileptic episodes, was reduced to only one! We are extremely grateful for your prayers and support!

WHEN GOD PROVIDES AND MULTIPLIES

“Honor the LORD with your substance, and with the first fruits of all your increase; so shall your barns be filled with plenty...” -Proverbs 3:9-10

After collecting the first batch of eggs from their new laying hens, the children of Hope House decided it was important to abide by this scripture by praying over the eggs and taking them to the pastor at their local church. The pastor received the eggs and prayed, asking for God’s continual blessings upon the home and all it produces.

Within 2 weeks, the hens that were laying only 8-10 eggs a day began laying over 30 daily!

Without you, Hope House could not continue to provide a safe, loving environment with the quality of care they offer.

From the bottom of our hearts, thank you.

Thanks
