

NEW LIFE CHILDREN'S HOME, MYANMAR

THANK YOU FOR SUPPORTING NEW LIFE THROUGH SERVING ORPHANS WORLDWIDE!

Your gift continues to improve lives everyday. We wanted to send you an update of how your dollars are impacting the children served at New Life in Myanmar.

New Life Children's Home, located in Yangon, Myanmar faithfully serves approximately 14 boys who are long term residents, with most of them requiring special attention. Children at New Life come for many reasons including death of a single parent, death of both parents, abandonment due to poverty, disabilities, and HIV, and parents too ill to provide care. With your support, children can come as they are, knowing they are safe and loved regardless of their background.

MEDICAL TREATMENT

Last quarter, we shared about Jeremy, who was born HIV positive. Abandoned by his mother shortly after birth, he wasn't expected to live past the age of two years old. He is now six, and thankfully, because of your support, he is now able to go to the hospital every month to get treatment. He has been cleared to go to school, but he has to take a lot of medicine, which makes him tired. Please keep him in your prayers!

One of the teenage boys, Khen Kem had some vision problems, which impacted daily activities like participating at school. Thanks to your generosity, he was able to see an eye doctor and get new glasses.

We are also thankful, because all the children have received vaccinations recommended by the governmental health organization, along with recommended medical tests for HIV, hepatitis and parasites.

FAITH IN THE GOOD NEWS

Myanmar's population is predominantly Buddhist (78%), with approximately 50 unreached people groups. At New Life, their heart is to not only provide love, shelter, food, education and clothing, but to share about the love and salvation of Jesus to all the children who enter their doors.

At the home, the gospel is presented clearly and, in an age, appropriate manner. Children attend church and bible studies every week, and receive daily encouragement that fosters growth in their walk with Christ. Now, all of the boys have accepted Jesus as their Savior! This would not be possible without your support

PRAYER REQUESTS

The school aged children attend a private school, located quite a distance from the home. Since there is no bus or any form of public transportation, they have to walk an hour to and from school each day. This is extremely difficult, especially when the weather is bad. The staff at the home have identified that having additional bicycles would significantly help them get to school faster. Please keep this need in your prayers.

Continue to pray with us for the safety of all the children at the home. Pray that the any trauma caused by abandonment and other life experiences will be overcome by God's unconditional love and healing power.

Religion that God our Father accepts as pure and faultless is this: to look after orphans and widows in their distress - James 1:27

100%
DIRECTLY TO
ORPHAN CARE
ALWAYS

Thank you for choosing Serving Orphans Worldwide as your partner and delivery system to share the love of Jesus with vulnerable children, and their communities in Mexico.

Our promise is that every penny you give goes directly to the field and will never be spent on SOW's administrative costs.

Through the generous support of our sponsors, everything from paper clips to staff salaries is totally covered. We even have a partnership with the bank so that all transfer fees are covered.

At New Life Children's Home, taking care of the whole child is vital in order to give them the best chance at overcoming their trauma and reaching their God-given potential, long term. The children are enrolled in school, provided with access to healthcare and receive three nutritious meals a day.

Without you, New Life Children's Home could not continue to provide a safe, loving environment for vulnerable children in Myanmar.

From the bottom of our hearts, thank you.

Thanks
